

VISION 21™ Valet Parking Systems

Increased vehicle throughput and convenient customer management is the criteria by which a parking client experiences the quality of a parking facility. This impression is enhanced by the reliability and payment flexibility of the entire system. PTC Industries has designed their **VISION 21™ Valet Parking Systems** based upon this perspective. The user-friendly design of the **VISION 21™** product line is characterized by the large scale, multi-lingual customer displays, clear instructions and the option of inserting tickets or cards in either direction.

Integration of client services include, multiple access control features and read devices, express credit card usage, system debit cards, hotel interface and valet operations, network connectivity and flexible programming options.

SPECIFICATIONS

- Housing and Finish:

Standard Blue and Gray
- Dimensions:
Vision 21™ Encoder: 5¾" W x 4" H x 8" D
Vision 21™ Terminal: 9½" W x 4" H x 8" D
- Display: 40 column x 2 row dot matrix LCD
- Keypad: 4x4 key membrane type keypad
- Electrical:
Power Source: 115 volts 50/60 Hz
(220 volts 50/60 Hz)
Power Consumption: 1 to 2 Amps Intermittent
- Connection: DP100 power/communication converter
- Memory Back Up (clock/system data)
- Lithium battery with 128K/512K RAM
- Environment:
Temperature: 13° to 113°F
Humidity: 10% to 95% (non-condensing)
- Communication: RS232 or RS485
- Media: Low energy (650) magnetic stripe

OPTIONS

- Encode Debit cards
- Encode to any one of three tracks
- Encode Entry or Exit Tickets
- Encode special event cards
- Encode special event tickets
- Calculate and process fee transactions
- Overwrite tickets as cards

FEATURES

- Online System using RS232 or RS485 communication
- Complete Stand-alone
- Programmable graphic LCD display
- 256 programmable facility codes
- 65535 programmable card numbers
- Entry or Starting date and time
- Exit or Expiry date and time
- Operator Identification field
- \$999.99 Debit Value field
- 255 programmable Lot Numbers
- 32 programmable Rates
- 99,999 programmable Ticket Numbers
- Programmable Entry or Payment date and time
- 128 programmable Discounts
- Online custom reports
